Subject: Request for Qualifications – WSF Southworth Program General Engineering Consultant, SR160/Southworth Terminal, Terminal Building and Trestle Replacement Program

Dear Review Committee:

We understand Washington State Ferries (WSF) is seeking an experienced consultant team to efficiently administer and lead the design and permitting of upland terminal infrastructure improvements and the in-water trestle replacement for the SR160/Southworth Terminal. WSF needs a coordinated GEC Team who provides technical excellence and proactive communication with WSF staff to advance these projects. Moffatt & Nichol (M&N) has organized a team with the right expertise, experience, and passion to deliver this program to WSF.

Our project manager, Dr. Azadeh Bozorgzadeh, PE, has managed multidisciplinary USACE IDIQ projects for more than 12 years. As these IDIQ projects are similar to GEC type contracts, she has a thorough understanding of the requirements of the GEC role to deliver successful projects on budget and schedule. The core GEC Team members have extensive WSF ferry experience including at Southworth Terminal as well as Seattle Terminal, Mukilteo Terminal, Kingston Terminal, and Vashon Ferry Terminal.

The benefits of the M&N-led GEC Team include:

- › **Local Environmental/Permitting Team** that has extensive experience permitting upland and in-water infrastructure projects including categorically exempt Federal Transit Administration (FTA) funded projects.
- › **Experienced Upland Site Civil and Circulation Team** with extensive transportation planning and multimodal design expertise along with a strong understanding of Complete Streets.
- › **WSF/WSDOT Experience** consisting of environmental permitting and design managers with substantial history working with WSDOT/WSF on award winning designs as well as local and federal environmental agencies.
- › **Scheduling and Program Management** with a team of schedulers led by a seasoned industry veteran, Jack Fink, who boasts 35 years experience in schedule/cost/project delivery and constructability. Our team can pull from more than 30 ex-contractors on staff to efficiently evaluate construction cost, schedule, and constructability.
- › **Relationships with Kitsap Transit** on the ferry and transit side. M&N recently completed ferry projects at Port Orchard/Bremerton and Kingston Terminals. Parametrix is also a preferred provider of design for Kitsap Transit facilities, including the recently completed Silverdale Transit Center.
- › **Strong DBE Representation** including five highly qualified DBE firms supplying a variety of services including architecture, landscape architecture, building structure, schedule/cost/constructability, and eelgrass services. We are well-positioned to meet or exceed the 13% DBE goal. Additionally, several firms on our team are certified as small, minority, veteran, and women-owned businesses. M&N's in-house DBE program strives to maintain and strengthen relationships with DBEs we have worked with.

THE RIGHT TEAM FOR THE PROJECT

**Waterfront facilities, it's what we do.
It's what we've done for nearly 80 years!**

- Completed nearly 11,000 waterfront projects worldwide
- Teaming partners bring decades of upland and building expertise
- All local team with offices throughout Western Washington supported by national in-house expertise
- Recent WSF history and experience
- Strong ties with Kitsap Transit
- Exceptional environmental and permitting team

- › **Client Relations and Commitment to Quality.** As an ISO 9001:2021 certified firm, M&N takes pride in repeat business and establishing long-term client relationships. Nearly 90% of M&N's work comes from repeat clients. This repeat business can only be sustained by providing clients with quality products in a timely manner. Our references are a testament of our clients' satisfaction. Scott Branlund, our proposed QA/QC manager has a long history as QA/QC manager including projects such as Colman Dock and most recently, a multi-billion-dollar project for the Navy which received a rating of "Excellent" on all rating criteria.
- › **#1 Ranked Marine Firm by *Engineering News Record*.** M&N is a leading provider of water project planning and design services, ranking #1 on the list of top Marine and Port Facilities firms by *Engineering News-Record (ENR)* for the past three years.

Ferries are a part of Seattle's history and culture and M&N's GEC Team welcomes the opportunity to work with WSF on the Southworth Program and to support you in your mission "to provide safe, secure, efficient, reliable, and environmentally sound marine transportation for people and goods throughout Puget Sound".

Sincerely,

Moffatt & Nichol, Inc.

GOVERNMENT-WIDE DEBARMENT AND SUSPENSION

GOVERNMENT-WIDE DEBARMENT AND SUSPENSION (NONPROCUREMENT)

Recipients, contractors, and subcontractors that enter into covered transactions are required to verify that the entity (as well as its principals and affiliates) with which they propose to contract or subcontract is not excluded or disqualified. This is done by: (a) checking the SAM exclusions; (b) collecting a certification from that person (found below); or (c) adding a clause or condition to the contract or subcontract.

Instructions for Certification: Signing below indicates the prospective lower tier participant is providing the signed certification.

(1) It will comply and facilitate compliance with U.S. DOT regulations, "Nonprocurement Suspension and Debarment," 2 CFR part 1200, which adopts and supplements the U.S. Office of Management and Budget (U.S. OMB) "Guidelines to Agencies on Governmentwide Debarment and Suspension (Nonprocurement)," 2 CFR part 180,

(2) To the best of its knowledge and belief, that its Principals and Subrecipients at the first tier:

a. Are eligible to participate in covered transactions of any Federal department or agency and are not presently:

1. Debarred,
2. Suspended,
3. Proposed for debarment,
4. Declared ineligible,
5. Voluntarily excluded, or
6. Disqualified

b. Its management has not within a three-year period preceding its latest application or proposal been convicted of or had a civil judgment rendered against any of them for:

1. Commission of fraud or a criminal offense in connection with obtaining, attempting to obtain, or performing a public (Federal, State, or local) transaction, or contract under a public transaction,
2. Violation of any Federal or State antitrust statute, or,
3. Commission of embezzlement, theft, forgery, bribery, falsification or destruction of records, making any false statement, or receiving stolen property,

c. It is not presently indicted for, or otherwise criminally or civilly charged by a governmental entity (Federal, State, or local) with commission of any of the offenses listed in the preceding subsection 2.b of this Certification,

d. It has not had one or more public transactions (Federal, State, or local) terminated for cause or default within a three-year period preceding this Certification,

e. If, at a later time, it receives any information that contradicts the statements of subsections 2.a – 2.d above, it will promptly provide that information to FTA,

f. It will treat each lower tier contract or lower tier subcontract under its Project as a covered lower tier contract for purposes of 2 CFR part 1200 and 2 CFR part 180 if it:

1. Equals or exceeds \$25,000,
2. Is for audit services, or,
3. Requires the consent of a Federal official, and

g. It will require that each covered lower tier contractor and subcontractor:

1. Comply and facilitate compliance with the Federal requirements of 2 CFR parts 180 and 1200, and
2. Assure that each lower tier participant in its Project is not presently declared by any Federal department or agency to be:
 - a. Debarred from participation in its federally funded Project,
 - b. Suspended from participation in its federally funded Project,
 - c. Proposed for debarment from participation in its federally funded Project,
 - d. Declared ineligible to participate in its federally funded Project,
 - e. Voluntarily excluded from participation in its federally funded Project, or
 - f. Disqualified from participation in its federally funded Project, and

(3) It will provide a written explanation as indicated on a page attached in FTA's TrAMS platform or the Signature Page if it or any of its principals, including any of its first tier Subrecipients or its Third-Party Participants at a lower tier, is unable to certify compliance with the preceding statements in this Certification Group.
