This publication is also available on CD-ROM or via Internet on the WSDOT homepage at <http://www.wsdot.wa.gov/>

This Highway Surveying Manual presents surveyors' methods and departmental rules that apply to highway surveying operations of the Washington State Department of Transportation. The manual is intended to help standardize surveying practices throughout the Department and to be a useful tool for WSDOT survey crews.

Updating the manual is a continuing process and revisions are issued periodically. Questions, observations, and recommendations are invited. The next page is provided to encourage comments and assure their prompt delivery. Use copies of it to transmit comments and attachments, such as marked copies of manual pages. For clarification of the content of the manual, contact the Computer Aided Engineering Branch.
