

I-5 System Partnership Strategic Framework

Goals

Safety and reliability - Predictably, safely and efficiently serve the transportation needs of our region

Equitable opportunity - Advance access to support economic opportunity, health and quality of life for our region and all of its people

Connected communities - Improve connections between communities with more multimodal travel options

Adaptive innovation and technology - Innovate with mobility solutions, land use decisions, and emerging technologies that serve the evolving needs of our communities and economy

Maintain the system - Lowest lifecycle cost to preserve the system in a state of good repair

Resiliency - Create resilience in anticipation of disruptive conditions

Environmental stewardship - Maintain the highest standards for environmental management

Sustainably funded - Ensure revenues and resources are available that set the I-5 system on a new course toward sustainable funding, less burdened by debt

Strategies

Optimize the existing system and invest strategically

Embrace new and emerging technologies

Coordinate land use and transportation

Increase travel choices

Keep freight and goods moving

Maintain and preserve our assets

Possible approaches
