

Rural Transit Assistance Program

2025 Limited Notice of Funding Opportunity – General Transit Feed Specification

Purpose

The Rural Transit Assistance Program (RTAP) provides funding from the Federal Transit Administration 5311(b)(3) program to assist with design and implementation of training and technical assistance projects and other support services for transportation operators in non-urbanized areas. Rural public transportation operators receive training and technical assistance through the program.

WSDOT is the direct recipient of Washington's annual allocation of 5311(b)(3) funds and has the authority to contract with subrecipients to deliver some or all state RTAP activities each biennium.

Available funding

WSDOT has approximately \$90,000 available per year to fund projects that provide statewide data standards work, including General Transit Feed Specification (GTFS), GTFS Flex, and GTFS Realtime data development and maintenance for transit operators in Washington state.

WSDOT will notify applicants of awards September 2025. WSDOT may scale awards depending on need and available funds.

Eligible applicants

Any private or public entity with experience and capacity to meet eligible project requirements.

Vendors debarred or suspended from the federal [System of Award Management](#) aren't eligible to apply.

Eligible projects

Proposed statewide data standards projects should meet the following requirements:

- **Data set development** – Grantees will develop and publish all data sets in accordance with [GTFS best practices](#). Grantees will publish data sets that include demand-responsive features in accordance with the current version of the [GTFS Flex data extension](#). Grantees will publish service alerts related to transit services in the [GTFS Realtime data format](#).
- **Data set maintenance** – Grantees will maintain data sets based on the most current GTFS specification and will update data sets as needed with changes to the specification and best practices. WSDOT may request data sets based on other extensions to GTFS identified during the project.
- **Partnership with WSDOT** – Grantees will partner with WSDOT to determine operators for which grantees maintain data. WSDOT anticipates that grantees will maintain data for up to 34 fixed-route operators providing service for 127 routes. A current GTFS data set for each agency already exists. Depending on available funds, WSDOT and grantees may also identify GTFS Flex data sets for development and maintenance.
- **Project scope and cost** – Grantees must align proposed scope and hourly staff rate required to complete the project with available grant funding.

Ineligible projects

Projects outside the scope of the funding opportunity or that don't meet the eligible project requirements.

Application deadline

3 p.m. July 24, 2025

Award period

Oct. 1, 2025-Sept. 30, 2027

Application materials

The application for 2025 RTAP-funded GTFS projects will be available July 1, 2025. Applicants must submit applications by 3 p.m., July 24, 2025, in the [Grants Management System](#) (GMS).

Important dates

- **June 3, 2025** – WSDOT posts notice of funding opportunity.
- **July 1, 2025** – WSDOT posts application.
- **3 p.m. July 24, 2025** – Applications due in GMS.
- **July 28-Aug. 1, 2025** – Applicant presentations.
- **Aug. 1-Sept. 4, 2025** – Evaluation panel reviews and scores applications.
- **September 2025** – WSDOT sends grant award letters to grantees.

Evaluation process

WSDOT uses a competitive process for RTAP grant program awards. Designated members of the WSDOT Public Transportation Division will review applications and identify projects based on the following criteria:

- Project team experience.
- Proposed team and project management plan.
- Cost-effectiveness of proposed plan.

Applicants will also be requested to present and demonstrate their technology and proposed solutions to the evaluation team (this 30-minute presentation constitutes another criterion for evaluation).

Scoring criteria

The maximum score on an application is 40 points. Each criterion under “evaluation process” can receive a maximum of 10 points. WSDOT may elect to award more than one of the top scoring applications.

WSDOT will evaluate each applicant on the experience of the project team; the proposed team and project management plan; and the cost effectiveness of the proposed plan. Each applicant will also perform a presentation demonstrating their technology and proposed solution.

Fatal flaws

WSDOT follows a formal, fatal-flaw policy for its grant applications.

Fatal flaws for applications to the RTAP funding opportunity for GTFS project grants:

- Applicant is debarred or suspended from the federal System of Award Management.
- Project won't provide immediate public benefit.

- Applicant isn't in compliance with WSDOT's "in good standing" policy.

The evaluation panel won't score applications with fatal flaws.

In good standing policy

WSDOT is responsible for administering grant funds in accordance with state laws. To ensure compliance with state laws and commonly recognized best practices for grant management, WSDOT has implemented an "in good standing" policy:

WSDOT is responsible for administering grant funds in accordance with state and federal laws and regulations. Additionally, you as a grant recipient and WSDOT are responsible for oversight and accountability that foster transparency and assist in maintaining public confidence.

You must maintain WSDOT's "in good standing" status to receive grant funds.

All grant recipients must maintain "in good standing" status to receive payments and be eligible for future funding consideration from WSDOT.
