IMPORTANT DATES

March 4, 2025	WSDOT posts notice of funding opportunity.
April 2, 2025	Grant application available in the Grants Management System (GMS).
3 p.m., May 1, 2025	Grant applications due in GMS.
May 5 – May 9, 2025	Applications evaluated.
June 2025	Awards announced.
July 1, 2025	2025-2027 biennium begins.
June 30, 2027	2025-2027 biennium ends (grantees must spend grant funds by this date).

OVERVIEW

PROGRAM PURPOSE

The goal of the Transit Coordination Grant is to encourage joint planning and coordination by transit systems to improve user experience and increase ridership, while making the most effective use of tax dollars.

This grant is 100 percent supported by state funding through Washington's Climate Commitment Act (CCA). The CCA supports Washington's climate action efforts by putting cap-and-invest dollars to work reducing climate pollution, creating jobs, and improving public health. Information about the CCA is available at www.climate.wa.gov.

AVAILABLE FUNDING

The Legislature will determine the funding level for the 2025-2027 biennium in the 2025 legislative session.

APPLICATION DEADLINE

3 p.m., May 1, 2025.

WSDOT FATAL FLAW POLICY

WSDOT uses a fatal flaw policy for its grant programs. WSDOT won't consider applications containing fatal flaws for funding. WSDOT considers the following to be fatal flaws that will cause an application to be rejected:

- Proposed project is ineligible.
- Application is incomplete with required information missing.
- Application doesn't meet match requirements.
- Applicant isn't in compliance with WSDOT's in good standing policy.

IN GOOD STANDING POLICY

WSDOT is responsible for administering grant funds in accordance with state laws. To ensure compliance with state laws and commonly recognized best practices for grant management, WSDOT has implemented an in good standing policy. All grant recipients must maintain in good standing status to receive payments and be eligible for future funding consideration from WSDOT.

For information about the in good standing policy, see the [WSDOT Public Transportation State Grant Programs Guidebook](#).

ELIGIBLE APPLICANTS

Transit agencies located in a county or counties with a population of 700,000 or more that border Puget Sound (i.e., King County Metro, Everett Transit, Sound Transit, Community Transit, Pierce Transit) are eligible to apply.

Ineligible applicants may partner on grant applications but can't be lead applicants.

At least two eligible transit agencies must jointly propose an application. Applications must clearly

2025-2027 TRANSIT COORDINATION GRANT APPLICATION INSTRUCTIONS

define the roles and responsibilities of each partnering agency.

ELIGIBLE PROJECTS

Eligible projects may include capital equipment, mobility management, and operations projects.

Eligible projects include, but are not limited to:

- Integrating marketing efforts.
- Aligning fare structures.
- Integrating service planning.
- Coordinating long-range planning, including capital projects planning and implementation.
- Integrating other administrative functions and internal business processes.
- Integrating customer-focused tools and initiatives.

MATCH REQUIREMENTS

You must provide matching funds in the amount of 10 percent of total project cost. In-kind match for planning and coordination activities is eligible. Cash match is required for capital purchases (e.g., software) that support the implementation of planning activities.

You may use any funding source other than competitive state public transportation grants as match.

PROJECT IMPLEMENTATION TIMELINE

July 1, 2025 - June 30, 2027.

APPLYING FOR FUNDING

APPLICATION PROCESS

You must be registered in GMS before accessing the application. The [GMS registration instructions](#) provide a step-by-step guide for new users to create an account. WSDOT strongly encourages you to complete GMS registration prior to the application opening.

For additional assistance with GMS registration and training, email the GMS Help Desk at PTDGMSsupport@wsdot.wa.gov or call 360-705-7711.

You must submit applications for the Transit Coordination Grant in GMS by 3 p.m., May 1, 2025. WSDOT won't accept late applications. Submit applications prior to the deadline to accommodate any unforeseen challenges.

GMS will autogenerate a confirmation email for submission of each application. The confirmation won't include an assessment of the completeness of the application.

NUMBER OF APPLICATIONS

Submit one application per project. You may submit more than one application. There is no limit on the total number of applications you may submit.

GRANT APPLICATION

STARTING THE APPLICATION

Note: If you haven't yet registered for GMS, contact the help desk at PTDGMSsupport@wsdot.wa.gov or 360-705-7711 or visit the [GMS Announcements panel](#) before proceeding.

1. Access GMS.
2. Select "Funding Opportunities" in the left-hand column.
3. Select the "2025-2027 Transit Coordination" funding opportunity.
4. When you first access a funding opportunity, select "start new application." When you return to GMS, you'll find your draft applications listed under "current applications" in the "applications" module.
5. Open and scroll down in each of the application's sections and drop-down menus to input information.
6. As you input information into sections, select the green "save form" button often. Some fields won't be visible if you don't save the prior section.
7. When you complete a section, click the orange "mark as complete" button.

PREVIEWING THE APPLICATION

As you complete sections of the application, the "application details" screen will update the status of each section.

You may select any of the incomplete components to continue with the application.

Note: If you only see a full application preview and not a list of sections, select "edit application."

1. GENERAL INFORMATION

Application creation wizard

After selecting "start new application," GMS will open the application creation wizard. Your organization's information should already be in the system.

Input the following:

Step 1: Application title – Titles shouldn't be long and may be as brief as two words. You'll have a chance to provide a more detailed description of the project later in the application.

Step 2: Primary contact – This information should self-populate based on your login. Select "save form" and move to the next section.

Step 3: Organization – If your organization's name hasn't self-populated, use the drop-down menu to choose your organization.

Select "save form" and move to the next section.

2025-2027 TRANSIT COORDINATION GRANT APPLICATION INSTRUCTIONS

Step 4: Additional applicants – From the drop-down menu, add other members of the agency staff who'll need access to the application, including the staff person who is authorized to submit the application on behalf of your organization. This responsibility may be delegated to the grants manager, budget manager, or other related position. The drop-down menu includes names at your organization that were added during registration.

Select the green “save form” button and move to next page.

2. ORGANIZATION CONTACT INFORMATION

Complete all required fields to enter the appropriate contact information. You may list the same person multiple times.

3. SUMMARY OF PROJECT INFORMATION

- **Project type:** Identify the project activities included in your proposal and select the project type from the drop-down menu.
- Identify the areas this project will serve: Select all the **legislative district(s)** and **county(ies)** this project will serve (include the entire project area).
- **Lead agency:** Identify the organization that serves as the project lead.
- **Project Partner(s):** Enter the name of organizations that serve as the project partners.

4. SCOPE OF WORK

Project description

Briefly and specifically describe what your project proposes to do. Address the who, what, and where of your project.

Project summary

- Describe how the proposed project addresses an issue or problem.
- Discuss the multimodal aspects of your project.
- Describe this project's impact on service (e.g., consideration for improved service; improved service delivery; improved transfers; coordination and/or merging of transit service).
- Describe this project's anticipated impact on customer service (e.g., consideration for improved reliability; improved outreach and coordination with customers, employers, and communities; improved customer service functions, such as customer response time and web-based and other communications).
- Describe this project's anticipated impact on administration/efficiencies (e.g., consideration for improved marketing and outreach efforts; improved customer-focused tools; improved interagency communications; and cost-saving efficiencies realized upon project implementation or following project completion).
- Describe what joint planning, partnership, or coordination efforts are underway or planned

2025-2027 TRANSIT COORDINATION GRANT APPLICATION INSTRUCTIONS

as part of the project proposal. Also, describe the roles and responsibilities of each partnering agency (e.g., who is maintaining vehicles; who is paying for service, who is providing service; how each of the efforts complements the goals of the project).

Transferability and innovation

- **Describe the transferability of project/practices.** Transferability includes consideration for project scopes that can be adapted or adopted by another agency upon conclusion of this project.
- **Describe the project's use of innovation.** Examples could include:
 - Using new business models.
 - Emerging technologies.
 - New types of partnerships.
 - Making better use of existing capacity.
 - Customer-focused solutions to create additional choices, increased ridership, and/or improved experiences for the traveling public.

5. RELATIONSHIP TO OTHER PROJECTS

WSDOT Public Transportation Division has many different funding opportunities where a single project may be eligible. Due to our awarding timelines, we recognize that you may not know the results of an application until the beginning of a new biennium.

Your responses to the questions in this section will inform the grant administrators of the relationships between your projects, thereby reducing the potential for duplicate awards for the same project or failure to award projects that are dependent on each other.

Is your project dependent on any other projects submitted by your organization?

Select “yes” or “no.”

If yes, describe the relationship between the projects in both applications. Identify the priority for funding (if applicable).

Did you, or will you, apply for this project in another grant program this biennium?

Select “yes” or “no.”

If yes, identify the grant program(s). Select “other” to indicate any local, state, or federal assistance requests not through WSDOT Public Transportation Division and enter the name(s) of the other grant program(s).

Have you applied for the same project in a prior biennium and did not receive funding?

Select “yes” or “no.”

Are you applying for other projects within this funding opportunity?

Select “yes” or “no.”

2025-2027 TRANSIT COORDINATION GRANT APPLICATION INSTRUCTIONS

If yes, list all applications for this funding opportunity (including the current one) in order of priority.

6. BUDGET

Expenses

Provide budget information for the project activities. Enter only one type of expense per row. Click the green “save form” button to begin adding rows.

“Match” and “requested amount” will auto-populate when you complete a row and save.

Match sources

Your organization must provide matching funds in the amount of 10 percent of total project cost. In-kind match for planning and coordination activities is eligible. Applicants using in-kind match need to provide an in-kind match valuation proposal with their application. Cash match is required for capital purchases (e.g., software) that support the implementation of planning activities.

Identify the specific sources and amounts of matching funds.

You may use other grants as match, except for competitive state-funded grants administered by WSDOT’s Public Transportation Division. The total of your match sources should be equal to the total match amount in the budget summary.

Match type

- **Federal funds:** Funds received from the U.S. Department of Transportation and other federal agencies, excluding any WSDOT or Federal Transit Administration funds requested with your application.
- **Other state funds:** Funds received from WSDOT and other state agencies, excluding competitive state-funded grants administered by WSDOT Public Transportation Division.
- **Local funds:** Revenue generated from local sources.
- **Other funds**

Match source

Match sources are funding sources other than passenger fares and ride donations used to support your project and that meet matching funds requirements.

Describe the match source(s) for your project.

Amount

Round to the nearest dollar. Don’t include cents.

Procurement

Describe the procurement process you plan to use for this project (e.g., vehicle purchase using the Department of Enterprise Services or another state cooperative procurement contract; issuing your own request for proposals; simplified acquisition; micro-purchase).

Note: Your organization must have a current procurement policy on file with WSDOT. Current grantees can check the procurement policy on file with WSDOT in the “compliance” section of GMS. If your organization doesn’t have a policy on file with WSDOT yet, or the version on file is outdated, upload a copy of the policy in the “attachments” section of your application.

Enter “N/A” if not applicable.

Grant summary

Summary sections will auto-populate based on the information you entered. Refresh your budget summary totals by clicking the green “edit form” button, then click “save form.”

Make sure the amounts are correct and your match percentage meets the minimum required match for your organization. Verify that your total match in the budget summary is the same as the total in your match source table.

Once your budget information is final, click the orange “mark as complete” button.

7. PROJECT IMPLEMENTATION AND MILESTONES

Project implementation

Project implementation includes consideration for projects that minimize project risks and are most likely to deliver benefits to the traveling public in a timely fashion. This includes projects that have all needed funding in place and can deliver public services and demonstrate benefits before June 30, 2027.

Does your organization currently have the funding and staff necessary to complete the project, with the exception of these grant funds?

Select “yes” or “no”.

Describe specific measurable deliverables/outcomes.

Examples include cost savings, travel time improvements, improved coordination, increased ridership, and improved customer service.

How will your organization measure the success of a project?

For example, you could include performance measures and an evaluation plan that includes the identification of milestones toward successful completion of the project.

Readiness to proceed

Describe previous activities to date that demonstrate the project’s readiness. Discuss how you’ll accomplish remaining activities to minimize delay and complete the project on time and on budget, including identification of any major risks.

Milestones

Fill in the appropriate milestones for your project (e.g., equipment: contract award, request for proposals; mobility management: project start; planning: project completion). Enter the date you

2025-2027 TRANSIT COORDINATION GRANT APPLICATION INSTRUCTIONS

estimate the task will be done and activity description.

To begin adding rows, you must first click a green “save form” button.

8. INDIRECT COSTS

Transit Coordination grantees may charge indirect costs to operating projects. Indirect costs aren't allowed for capital projects (e.g., software).

Indirect costs

Indirect costs are expenses that aren't readily identified with a particular project/grant but are necessary for the general operation of the agency. Examples of indirect costs are administrative expenses, utilities, or maintenance. Indirect costs are usually expressed as a percentage of total direct costs.

Select “yes” or “no” to indicate whether you're charging indirect costs to this grant/project.

If yes, your agency must have an approved indirect cost rate or cost allocation plan. You must include indirect costs in the application budget. If indirect costs are part of your project budget, you must attach your cost allocation plan or documentation of your approved indirect cost rate in the “attachments” section.

Indirect cost rate documentation may be one of the following:

- A letter from your agency confirming that you plan to use the federal 15 percent *de minimis* indirect cost rate.
- Documentation from your federal cognizant agency that verifies your agency's approved indirect cost rate.
- Documentation on how you arrived at the indirect cost rate your agency wants to use (usually based on previous year expenditures and current year budget). If awarded, WSDOT Public Transportation Division approval of the indirect cost rate is required.
- A cost allocation plan approved and signed by an authorized representative of your agency. Agencies often determine indirect costs for operating projects using a cost allocation plan. If awarded, WSDOT Public Transportation Division approval of the cost allocation plan is required.

9. VULNERABLE POPULATIONS IN OVERBURDENED COMMUNITIES AND TRIBES

The Transit Coordination Grant is funded through the Climate Commitment Act (CCA). The Legislature established the assessment of vulnerable populations in overburdened communities as a goal for distribution of funds. Analysis of vulnerable populations isn't connected to evaluation of grants and shouldn't be viewed as a barrier to applying for funds.

The purpose of this application section is to allow you to share optional additional information about how your project serves vulnerable populations in overburdened communities not specifically identified by WSDOT.

Vulnerable populations in overburdened communities

Select “edit form.”

Identify the type of direct and meaningful benefits to vulnerable populations your project provides, if any, using the examples in the first bulleted list below. You may use a screening and mapping tool such as the [Washington State Overburdened Communities Map](#), EJScreen, Washington Tracking Network, Equitable Transportation Community Explorer, or another resource of your choice.

Explain how your project provides these benefits. Your response may include suggestions about how WSDOT should evaluate project(s) against CCA requirements in the future.

Examples of direct and meaningful benefits ([RCW 70A.65.230](#)(1)(a)):

- Reducing vulnerable population characteristics, environmental burdens, or associated risks that contribute significantly to the cumulative impact designation of highly impacted communities.
- Meaningfully protecting an overburdened community from, or support community response to, the impacts of air pollution or climate change.
- Meeting a community need identified by vulnerable members of the community.

Vulnerable populations are population groups that are more likely to be at higher risk for poor health outcomes in response to environmental harms due to adverse socioeconomic factors and sensitivity factors. Vulnerable populations include but aren't limited to ([RCW 70A.02.010](#)(14)(a) and (b)):

- Racial or ethnic minorities.
- Low-income populations.
- Populations disproportionately impacted by environmental harms.
- Populations of workers experiencing environmental harms.

Overburdened communities are geographic communities that face disproportionate cumulative negative impacts from environmental health factors. Overburdened communities include but aren't limited to ([RCW 70A.65.010](#)(54)):

- Communities highly impacted by fossil fuel pollution and climate change.
- Communities located in census tracts that are fully or partially on “Indian country.”
- Populations who may be exposed to environmental contaminants and pollutants outside of the geographic area in which they reside based on the populations' use of traditional or cultural foods and practices.

Inclusive planning

If vulnerable populations were engaged by your organization in developing or maintaining the project, describe the outreach efforts and results.

2025-2027 TRANSIT COORDINATION GRANT APPLICATION INSTRUCTIONS

Tribal support

Select “yes” or “no” as to whether your project is directly operated by a tribe.

If yes, select the “save form” button.

If no, answer the additional questions related to tribal support. You must confirm your outreach to the tribe in pursuit of a resolution formally supporting your project by checking the box.

Tribal correspondence should confirm the tribe’s intent to develop a resolution formally supporting your project. An email is sufficient. If you have a formal contract with the tribe, you may attach the contract to your application.

Your responses to the “tribal support” section aren’t scored. Awards aren’t based on submission of a tribal resolution formally supporting your project.

Attachments

If this project is supported by a tribal nation, attach correspondence from the tribe’s transportation lead or similar position.

To add an attachment:

1. Select “edit form,” then click the “select file” button.
2. An upload window will open.
3. Select and upload the file.

Upload the attachment in PDF format. Don’t attach encrypted or password-protected files.

If we award your project, you should deliver the final resolution formally supporting your project prior to the end of your contract period.

No attachment is required if this project is directly operated by a tribal nation.

Click “save form.” Then select the orange “mark as complete” button.

10. SUPPLEMENTAL INFORMATION

Use this space to elaborate on information provided in other sections of the application. Keep comments as brief as possible.

You may provide optional supplemental attachments in the “attachments” section.

11. ATTACHMENTS

Applications submitted without the required attachments will be considered incomplete. Upload the required attachments and any conditionally required or optional attachments that support your project. Provide a brief description of the file you’ve attached.

To add attachments, click on the attachment label to open the upload window, select and upload the file, and add a file description.

Note: Unless otherwise noted, save all attachments in PDF format. Don’t upload encrypted or password-protected files.

12. CERTIFICATION

Your application must be certified by someone authorized or delegated to sign contracts on behalf of your organization. Complete this section by selecting “yes” in the certification field and typing the name of the authority, their title, and the date. This is the equivalent of an electronic signature. WSDOT doesn’t need to obtain your memo or letter delegating authority.

You’ll be unable to submit your application until you select “yes.”

Note: Your application is subject to the public disclosure laws of Washington state ([Chapter 42.56 RCW](#)). If any information is proprietary, let us know as it may be released during a public disclosure request.

EVALUATION

EVALUATION CRITERIA

Transit Coordination Grant application evaluation criteria	Max points
Effect on service	20
Effect on customer service	15
Effect on administration/efficiencies	15
Joint planning/coordination	15
Readiness to proceed	15
Transferability	10
Innovation	10
Total points possible	100

EVALUATION CRITERIA FACTORS

Effect on service

Improves service; improves service delivery; and improves transfers and coordination across transit service.

Effect on customer service

Improves reliability; improves outreach and coordination with customers, employers, and communities; and improves customer-service functions, such as customer-response time and web-based and other communications.

Effect on administration/efficiencies

Improves marketing and outreach efforts; improves customer-focused tools; improves interagency communications; and realizes cost-saving efficiencies upon project implementation or following project completion.

Joint planning and coordination

Includes several project partners; affects or includes multiple jurisdictions; affects non-central Puget Sound regions; and uses demand-management strategies to leverage existing services and programs.

Readiness to proceed

Minimizes project risks; likely to deliver benefits to the traveling public in a timely fashion; has all needed funding in place; and can deliver public services and demonstrate benefits before June 30, 2027.

Transferability

Has a scope that can be adapted or adopted by another agency.

Innovation

Takes advantage of emerging technologies, new types of partnerships, better use of existing capacity, new business models, and customer-focused solutions to create additional choices, increased ridership, and/or improved experiences for the traveling public.

Examples include using big data to provide real-time information to customers, dispatch technologies that improve resource and asset efficiency, public/private funding partnerships, park-and-ride efficiencies (i.e., permit reservation programs), and fare-media-delivery options.

2025-2027 TRANSIT COORDINATION GRANT APPLICATION INSTRUCTIONS

English

Title VI Notice to Public

It is the Washington State Department of Transportation's (WSDOT) policy to assure that no person shall, on the grounds of race, color, national origin, as provided by Title VI of the Civil Rights Act of 1964, be excluded from participation in, be denied the benefits of, or be otherwise discriminated against under any of its programs and activities. Any person who believes his/her Title VI protection has been violated, may file a complaint with WSDOT's Office of Equity and Civil Rights (OECR). For additional information regarding Title VI complaint procedures and/or information regarding our non-discrimination obligations, please contact OECR's Title VI Coordinator at (360) 705-7090.

Americans with Disabilities Act (ADA) Information

This material can be made available in an alternate format by emailing the Office of Equity and Civil Rights at wsdotada@wsdot.wa.gov or by calling toll free, 855-362-4ADA(4232). Persons who are deaf or hard of hearing may make a request by calling the Washington State Relay at 711.

Español

Notificación de Título VI al Público

La política del Departamento de Transporte del Estado de Washington (Washington State Department of Transportation, WSDOT) es garantizar que ninguna persona, por motivos de raza, color u origen nacional, según lo dispuesto en el Título VI de la Ley de Derechos Civiles de 1964, sea excluida de la participación, se le nieguen los beneficios o se le discrimine de otro modo en cualquiera de sus programas y actividades. Cualquier persona que considere que se ha violado su protección del Título VI puede presentar una queja ante la Oficina de Equidad y Derechos Civiles (Office of Equity and Civil Rights, OECR) del WSDOT. Para obtener más información sobre los procedimientos de queja del Título VI o información sobre nuestras obligaciones contra la discriminación, comuníquese con el coordinador del Título VI de la OECR al (360) 705-7090.

Información de la Ley sobre Estadounidenses con Discapacidades (ADA, por sus siglas en inglés)
