## ABOUT THE TRIBAL TRANSIT MOBILITY GRANT PROGRAM

The Washington State Department of Transportation (WSDOT) is pleased to present its prioritized project list for the Tribal Transit Mobility Grant Program to the Washington State Legislature.

The Legislature established the Tribal Transit Mobility Grant Program as part of the Move Ahead Washington \$17-billion, 16-year transportation funding package ([ESSB 5974 – 2021-22, Sec. 103](#)). In its 2023 session, the Legislature added its intent for the grant program to support transit needs of tribal communities ([ESHB 1125 – 2022-23, Sec. 221\(11\)](#)). In its 2024 session, the Legislature requested a list of recommended Tribal Transit Mobility Grant Program projects ([ESHB 2134 – 2023-2024, Sec. 221\(12\)\(a\)](#)).

Tribal Transit Mobility Grant funds may be used for any transit purpose, including planning, operating, mobility management, and capital costs. Funds can support public transportation services within and between rural communities; transportation services between cities; purchases of new buses and equipment; and public transportation services to seniors and people with disabilities. Any federally recognized tribe in Washington state is eligible to apply for this grant. Additionally, tribes in bordering states that provide service to and from Washington are eligible to apply.

## 2025-2027 PROGRAM BUDGET

Tribal Transit Mobility Grant funding is identified under the spending summary at up to \$10 million per biennium for the next 16 years. WSDOT's Public Transportation Division administers the Tribal Transit Mobility Grant Program as a stand-alone competitive grant.

In the 2023-2025 biennium, the division awarded 2025-2027 biennium funding for two continuing (four-year) and four reappropriation projects totaling \$1,761,518. These projects are in [Table 1: Continuing projects for the 2025-2027 biennium](#).

## CALL FOR PROJECTS

WSDOT took the initiative to eliminate the match requirement for tribal applicants and removed the Tribal Transit Mobility Grant Program from the Consolidated Grant Program in the 2025-2027 grant cycle.

## NEW PROJECTS

WSDOT received 17 grant applications requesting \$8,635,786 for the 2025-2027 biennium and \$4,138,385 for the 2027-2029 biennium.

Public Transportation Division staff performed an initial assessment of the applications for completeness and reasonableness of performance estimates. Staff then used an independent evaluation panel that included subject matter experts in the fields of capital investment, mobility management, planning, and operations to review eligible applications. The panel produced a prioritized project list for WSDOT. These prioritized projects are in [Table 2: New projects proposed for funding for the 2025-2027 biennium](#).
